PROFESSIONAL SUMMARY

Motivated BCA student with hands-on experience in web development, Java, Python, and data analytics through internships, job simulations, and project-based work. Passionate about artificial intelligence, problem-solving, and building impactful software solutions.

EDUCATION

Bachelor of Computer Applications (BCA) 2024 – 2027
BSA College of Engineering & Technology, Mathura, Uttar Pradesh

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript
Web: HTML5, CSS3, React.js
Database: SQL, MySQL, DBMS
Tools: Git, GitHub, VS Code, Streamlit, Java Swing, Excel, Tableau
Core CS: DSA, OOP, DBMS, Operating Systems
Currently Learning: Artificial Intelligence, Machine Learning, Data Analytics

CORE COMPETENCIES

Technical: Data Modeling, Data Visualization, Computer Networking, Web Security, Data Privacy
Professional: Critical Thinking, Analytical Thinking, Risk Management, Credit Analysis, Process Improvement, Cross-Functional Teamwork

INTERSHIP EXPERIENCE

FlyRank — AI Intern (Frontend AI Engineering Track) Ongoing
Selected for FlyRank's AI International Internship Program (July 2026 Cohort), Frontend AI Engineering track.
Building practical skills integrating AI tools into frontend development workflows through structured, project-based learning.

CodSoft — Web Development Intern (Virtual Internship) 24 Mar 2026 – 25 Apr 2026
Completed 3 web development tasks: Portfolio Website, Landing Page, and Calculator.
Applied HTML, CSS, and JavaScript to build responsive, user-focused web projects.

PROJECTS

AI Internship Program Landing Page [HTML | CSS | JavaScript]
Designed a fully responsive landing page with 4+ interactive sections using modern UI/UX principles.

Advanced Calculator [HTML | CSS | JavaScript]
Built a responsive calculator with 10+ functions, dark/light theme switching, and optimized UX across devices.

Finance India — Personal Finance Management System [Java | Swing | MySQL]
Developed a desktop application for income, expense, savings, and budget tracking with 5+ core modules; integrated MySQL for transaction management.

Student Performance Analysis [Python | Pandas | Excel | SQL | Data Analytics]
Analyzed 500+ student records to identify performance trends; used SQL queries and Pandas for structured data exploration.

VIRTUAL EXPERIENCE PROGRAMS

- Deloitte Data Analytics Job Simulation (Forage)
- Goldman Sachs Operations Job Simulation (Forage)
- Data Labeling Job Simulation (Forage)

CERTIFICATIONS

- Web Development Internship Certificate — CodSoft
- AI Bootcamp Participation Certificate — Intellipaat (2026)
- Full Stack Development Workshop — GUVI x HCL
- Industrial Visit Certificate — Network Bulls

ACHIEVEMENTS & ACTIVITIES

- Captain — Hackfest (GeeksforGeeks Classroom Program)
- Participant — Smart India Hackathon (SIH) 2025
- Participant — Elite Her Hackathon
- Participant — AptiCode Arena 2026
- Attended — Mind Mela 2026, Trinity Institute, Noida
